80's

### **Work Summary**

Pre-Construction Meeting commenced at 2:00 PM.  
Agreed to eliminate Culvert #1 and shift north between vehicle entrance gate and Pad #1.  
As a result, the tailwater ditch between gate and Culvert #2 will not be used.  
Agreed on stockpile area for clear and grub debris (scrub area SE of Pad #2 and W of topsoil stockpile area).  
Source of water TBD.
