Dear Susan:

This letter is to inform you that Black Raven Energy, Inc., 1331 17th Street, Suite 350, Denver, CO 80202, has applied for permission to inject Niobrara Formation produced water into the above referenced well into the Lower Cretaceous sands (D-Sand, J-Sand, Dakota Sands) at a depth of approximately 3,900 feet below the surface, pursuant to Rule 325 of the Colorado Oil & Gas Conservation Commission.

Any person who would be directly and adversely affected or aggrieved by the authorization of the underground disposal into the proposed injection zone may file, within fifteen (15) days of notification, a written request for a public hearing before the Commission, provided such request meets the protest requirements of COGCC Rule 325.m. Additional information on the operation of the proposed well may be obtained at the Commission office, 1120 Lincoln St., Suite 801, Denver, CO 80203 (303-894-1200).

Sincerely,

Janice Aldstadt
