Re: No further Action Request
Williams Production RMT Company
Production Pit Closure

Notice of Completion Report
Hoaglund PA 21-2
Remediation # 5063
Garfield County, Colorado

Dear Mr. Rowe,

Colorado Oil and Gas Conservation Commission (COGCC) staff has reviewed the Notice of Completion Report submitted by HRL Compliance Solutions Inc. for Williams on April 04, 2011 for the referenced site. Consideration was given to background arsenic concentrations. Based on review of data presented, it appears that no further action is necessary at this time at this site. However, should future conditions at the site be discovered of contaminant concentrations in soils exceeding COGCC standards or if groundwater is found to be significantly impacted, COGCC may require that further investigation and/or remediation be conducted.

The remediation project has been closed in the COGCC database with the respective Form 27A. If you require any additional information, please call me at (970) 625-2497.

Sincerely,

Carlos Luján for
Chris Canfield, P.G.
Environmental Protection Specialist
