---

Nanette,

The COGCC is reviewing the Form 2A (#400152863) for the EOG Resources Greasewood 08-18H location, located in NWNE Sec 18 T6N R61W Weld County, Colorado. The COGCC requests the following changes regarding the data submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment (OGLA).

1. Land Use: Based on a review of the location pictures and aerial photos on the COGCC website it appears that the current and future land use should be Range land not CRP.
    - The COGCC requests that the current and future land use be amended to range land. Reference area information and photos are required within 12 months of 2A approval.
- Should you have any questions or concerns please do not hesitate to contact me.

Thanks,

Arthur
