**Attachments:** Simmons NE-20 Tank Battery\_Location Drawing, revised.pdf

Hi Arthur,

Attached please find the updated location drawing for the Simmons Tank Battery site. I confirmed with my fieldman that the facilities are going to be north of the survey dot, making the 209' distance to the house from the south edge of the production facilities site.

Please let me know if you have any additional questions.

Thanks,  
Liz Lindow

Liz,

The COGCC is reviewing the Form 2A (#400157212) for the PDC Simmons Tank Battery NE-20 location, located in the SENE Sec 20 T6N R64W Weld County, Colorado. I have some questions regarding how PDC is going to meet the Statewide setback requirements at the location. Please call me at 303-894-2100 ext. 5148.

Thanks,

Arthur
