WELL ABANDONMENT REPORT																																	
<p>This form is to be submitted as an Intent to Abandon whenever an abandonment is planned on a borehole. After the abandonment is complete, this form shall again be submitted as a Subsequent Report of the actual work completed. The approved intent shall be valid for six months after the approval date, after that period, a new intent will be required. Attachments required with the Intent to Abandon are wellbore diagrams of the current configuration and the proposed configuration with plugs set.</p> <p>A Subsequent Report of Abandonment shall indicate the actual work completed. Attachments required with a Subsequent Report are a wellbore diagram showing plugs that were set and casing remaining in the hole, the job summaries from all plugging contractors used, including wireline and cementing (third party verification) and any logs that may have been run during abandonment.</p>

Engineer	No field job reports were attached. Contacted operator Larry Little by phone. He said he would send me them by email. Plugging contractor names, cement type and plugging date left blank. Filled in based on inspection. The casing/cement table doesn't match the WCR. Changed to match WCR. Called operator again to request clarification. Lat/Longs look good.	3/16/2011 8:56:58 AM
