Hi Kaylene,

The COGCC is reviewing the Form 2A oil and gas location assessment for the SNOW DRAW 05-07H well location in the SESE Sec7 T8N R60W, Weld County, and requests the following change to the Form 2A:

1) **Water Resources:** As stated in the comments and on the Hydrology map, the closest water well is permit 22420-MH, which is located 2000 feet from the proposed location. This water well is abandoned. However, water well 40924 is located 2900 feet northeast of the proposed location. Therefore, please approve me changing the distance to nearest water well from 4179 feet to 2900 feet.

Best Regards,

Rick Allison, P.G.
