Hi Susan,

The COGCC is reviewing the Form 2A oil and gas location assessment for the CALVARY USX EE29-04D WELL and TANK locations in the SWNW Sec29 T7N R65W, Weld County, and requests Noble Energy's approval of the following changes to the Form 2A for each location:

**1) Water Resources:** The location is a sensitive area due to the likelihood of shallow ground water at the location. Therefore, please approve me changing the sensitive area designation from No to Yes.

Please contact me if you have any questions.

Best Regards,
