

Facilities List

SG D36 496

Drilling

- 28 Wells
- 1 Steel cuttings bin
- 1 Cement pit
- 4 Water tanks
- 6 Electric motors
- 1 Water pipeline
- 5 Gas or diesel motors
- 3 Electric generators
- 1 Flare stack and flare ditch
- 2 Fuel tanks

Completions

- 28 Wells
- 30 Water tanks total – 28 for flowback, 2 for drillouts and snubbing
- 1 Water pipeline
- 1 Flare stack
- 28 Separators; on location for a span of 60 days after completion
- Gas or diesel motors:
 - Fracing – 13 on location for 16 weeks
 - Snubbing – 2 on location for 4 weeks
 - Coil tubing – 2 on location for 4 weeks
 - Water – 1 on location for 120 days

During Production

- 28 Wellheads
- 2 Gas pipeline
- 1 Water tank
- 12 Meter houses
