15. Comments:

Surface owner wanted Deering 5-33-5 and 5-33-22 moved to his well pad for the #18-33 wells, so the Deering locations will be abandoned (5-33-5 was only one permitted). This enlarged the pad and generated a revised 2A for this pad. All BMP will be observed in the development of this well location. Surface use agreement and amendment with attachments are attached to this location assessment.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct and complete.
