Arthur,

Here is the reference map for the Fulton 1-19R that you required. If you are not the right person to receive this information, you will forward it to the correct one.

Eric,

The Colorado Oil & Gas Commission is requiring that we provide them with a reference map for the Fulton 1-19R well which you surveyed for Sundance. Could you provide me with one along with the required pictures? I guess somewhere west of the staked location would provide the vegetation they want to see for reclamation.

Thanks,

Dean A. Rogers
