Connect to Accident (land owner, royalty owner, etc.): <u>Bill Barrett Corp.</u>	Meridian: <u>6th</u>

Provide a detailed description of the accident, problem, and cause (equipment failure, human error, etc.):

On the circle B Toby Guccini 41D there was transfering of oil and production water form the older wells into the new facilities in order to get the older wells producing. The contractors that were building the new facilities went to weld brackets onto the new tanks to stablize the vent stack attached to the heat tubes. the tanks are comingled via combuster line anequalizer lines. Vapors went into empty tank and when heated up the welder the tank ignited the gases and flash explosion occured damaging four tanks and containment area. Garfield Sherrif Dept., Rifle Fire and Ambulance service responded. There were minor injuries ie: pelted by gravel and a bruised tail bone. Personnel were taken to Rifle medical facilities as a precaution.
