Comment:

This well is on the Kerr-McGee Delinquency List for missing NBRR production reports for 7/2010 to present. This Form 5A is the most up to date on the producing formations on this well. The NBRR was commingled with CODL 6/15/2010, therefore there are no more NBRR production reports for the time missing since it has been commingled.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
