Subject: Eifert PC E 11-65HN Form 2A # 400175999, Noble

---

Jan,

The COGCC is reviewing the Form 2A (#400175999) for the Noble Eifert PC E 11-65HN multi well pad location, located in the NESE Sec 11 T16N R665W Weld County, Colorado. The COGCC requests the following changes regarding the data submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment (OGLA).

The proposed location appears to have an existing Location ID of 329661. The 2A should be changed to amend existing location 329661. The change would also require that the facilities and construction be amended to Three wells on the location.

Sensitive Area Determination: Due to the close proximity of an unregistered water well to the North (Shown as G on the location drawing) that may be used as a domestic well the location is considered a sensitive area.

Please feel free to contact me if you have any questions or concerns.

Thanks,

Arthur
