Cheryl,

The COGCC is reviewing the Form 2A (#400203082) for the Noble Wakefield Trust 41-6 location, located in the Lot 1 Sec 6 T1S R45W Yuma County, Colorado. The COGCC requests the following changes regarding the data submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment (OGLA).

Due to the close proximity of the location to the North Fork of the Republican River the following COA will apply:

Operator must implement site-specific best management practices in accordance with good engineering practices, including, but not limited to, construction of a berm or diversion dike, site grading, or other comparable measures, sufficient to protect the North Fork of the Republican River located approximately 200 feet south of the oil and gas location from a release of drilling, completion, produced fluids, and chemical products.

Please feel free to contact me if you have any questions or concerns.

Thanks,

Arthur
