Hi Nancy,

Can you please change all of the Wakefield depths to be 2499' instead of 2500'?

Thank you,

Liz Lindow

Subject: Noble Wakefield Trust locations Sec. 6, 1S45W Yuma County

Liz,

I began preliminary review of the Form 2s submitted in the referenced section. All propose the Niobrara as objective formation, and 2500' depth. Since this section is not in the WLR or covered by an order, statewide setbacks specified in Rule 318.a prevail. The following nine locations do not meet the setback requirements for 1,200 feet between wells 2,500 feet in depth or greater, drilled to same common source of supply. These locations have been put on hold pending resolution of that issue.

Please call if you have any questions.

Thanks,
Nancy
