Re: Notice of Operations – Bury Crandell 32-23 Well
Township 1 North, Range 68 West
Section 23: NE/4NE/4
Broomfield County, Colorado

Ladies and Gentlemen:

Due to a recent change of the surface location for the Bury Crandell 32-23, EnCana sends this updated Advance Notice. The Bury Crandell 32-23 will be drilled directionally from the existing Bury Crandell C Unit #1 location.

Therefore, in accordance with the requirements of Rules 305.e.(1).A. and 305.e.(1).B. of the Colorado Oil and Gas Conservation Commission ("COGCC"), this letter serves as advanced notice by EnCana Oil & Gas (USA) Inc. ("EnCana") of its intention to conduct drilling operations on the captioned well located on your property. EnCana's operations are estimated to begin in the fourth quarter of 2010 pending receipt of required permits, approval of title and drilling rig availability.

This letter is being sent to you because EnCana intends to re-file the permits for these wells as they are set to expire soon.

The locations of the wellsite, access roads, production facilities and other related matters have already been determined per the Well Location Agreement currently being negotiated, and are depicted on the enclosed plat.

As the surface owner, it is your responsibility to notify any affected tenant farmer, lessee or other party that may own or have an interest in any crops or surface improvements that could be affected by these proposed operations.

Should you have concerns regarding the surface location, please feel free to contact Doug Pearlman at (720) 876-3814, or if you have questions about this notice, you may reach the undersigned at (303) 876-3639.

Very truly yours,

ENCANA OIL & GAS (USA) INC.

Jack Croom, CPL
Land Negotiator
