RE: Letter Waiving 20 Day Comment Period
SE/4NW/4 Section 2 T3N R68W
Well Name(s): Steffes

Dear Mr. & Mrs. Steffes:

Apollo plans to add an additional tank battery to the above location. The Colorado Oil and Gas Conservation Commission requires that we have a 20 Day Comment Period before the building process takes place. In order for Apollo to start the process of building the new tank battery before the 20 Day Comment Period, we need a signed waiver from the land owners.

I respectfully request your signed & dated consent to build this tank battery and waive the 20 Day Comment Period per the requirements of the COGCC; once signed please return one copy of this letter in the enclosed envelope. Thank you.
