Date: Thursday, October 13, 2011 11:16:26 AM

Arthur: please upload this sentence regarding culverts for the access road to Document 400211470 as Construction BMP.

Culverts will be designed and installed to pass the 100-year flow from the upstream tributary basin. The culverts will be designed with the proper materials and cover to protect the culverts from the anticipated loads.

Thank you.
