Dear Mr. Guerrero,

Colorado Oil and Gas Conservation Commission (COGCC) staff has reviewed the Completion Report submitted by HRL Compliance Solutions Inc. on behalf of Robert Bayless LLC, on September 19 and October 07, 2011, for the referenced site. Based on review of data presented, it appears that no further action is necessary at this time at this site. However, should future conditions at the site be discovered of contaminant concentrations in soils exceeding COGCC standards or if groundwater is found to be significantly impacted, COGCC may require that further investigation and/or remediation be conducted.

The remediation project has been closed in the COGCC database with the respective Form 27A. If you require any additional information, please call me at (970) 625-2497.

Sincerely,

Carlos Luján for
Chris Canfield, P.G.
