Sherri,

The COGCC is reviewing the Form 2A (#400218552) for the Rosewood Resources Tuell 24-03 location, located in the SESW Sec 3 T3N R46W Yuma County, Colorado. The COGCC requests the following changes regarding the data submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment (OGLA).

Water Resources:

Based on a review of aerial photographs included on the COGCC website there is a small pond located 400 feet east of the proposed well location.

- The distance to surface water is required to be amended from 5280 feet to 400 feet.

If you have any questions or concerns please feel free to contact me if you have any questions or concerns regarding the Tuell 24-03 form 2A.

Thanks,

Arthur
