Subject: Surface TD, RG 622-14-298, API # 05 103 11780 00

Dave and/or Kevin,

We are currently at a Surface TD of 3055 ft MD, on the RG 622-14-298, API # 05 103 11780 00, and our State Permit has a Surface TD of 3067 ft.
We are requesting permission to proceed with the slightly shallower depth, our 9-5/8" casing may end up a little short of the 3055' TD, depending on the pipe tally.
Should this change meet your approval, we will submit the necessary Sundry.
We apologize coming up a little bit short, it was an oversight on our part, and will work toward trying to prevent this in the future.

Thanks
