Permit	Bill- I was told last Friday that the last mineral owner has said he was signing the voluntary pooling agreement and mailing it back to us. But as of this moment I do not have it in hand. Mathew D. Goolsby VP-Operations	9/27/2011 2:02:51 PM
Permit	All the paper work is in the hands of the mineral owners for the voluntary pooling needed on this one. We're just waiting on the signed documents to come back now, then we can proceed with the permitting. There are 3 mineral owners involved, and a couple of them are out of state. 8/11/11 Mat Goolsby	8/24/2011 1:47:33 PM
Permit	Sent another email to Mathew Goolsby to ask the status on the "unit". 8/2/11 BY "Thanks. I can see the problem, and don't think a waiver is obtainable. What I think we need to do is form a 160 acre spacing unit in the center of the section, because the seismic indicates this spot as we attempted to permit is the the one with the best geological attributes. I'll work on getting a unit formed. Mathew Goolsby" 7/11/11	8/2/2011 10:28:52 AM
