Mr. Neslin,

Encana Oil & Gas (USA) Inc. ("Encana") is planning to drill the captioned boundary well in accordance with the provisions of COGCC Rule 318A.e.

Encana's proposed wellbore spacing unit consists of the E/2 of Section 10, T2N, R66W, creating a 320-acre wellbore spacing unit for the Niobrara formation. Encana is the only working interest owner within the proposed spacing unit, therefore Encana hereby attests that no notice letters are required under COGCC Rule 318A.e.(6).

Enclosed is a copy of the map illustrating the proposed wellbore spacing unit to assist you in your review and approval of Encana's proposed APD for the captioned well.

Thank you for your time and attention to this matter. Encana respectfully requests that the COGCC review the enclosed information and approve the Application for Permit to Drill the captioned well.

Sincerely,
