Re: Operator Approved Waiver to Rule 318A.m.
RATTLER 26N-33HZ well
Township 3 North, Range 66 West
Section 34
Weld County, Colorado

Ladies/Gentlemen:

Kerr-McGee Oil & Gas Onshore LP (KMG) is making application for a drilling permit for the above captioned well. As currently planned, the wellbores of the following wells which are operated by KMG will lie within 150 feet of the horizontal lateral of the captioned well:

MAYER 33-34

Rule 318A.m of the Colorado Oil and Gas Commission's Rules and Regulations does not allow horizontal wells to be drilled within 150' of other wells unless this requirement is waived by the Operator of the encroached upon well(s).

As operator of the above referenced well(s) lying within 150 feet of the wellbore of the above captioned well, KMG respectfully requests the Director to accept this operator approved waiver to Rule 318A.m. to allow the RATTLER 26N-33HZ well to be drilled within 150' of the well(s) listed above that are operated by KMG.

Very truly yours,
Kerr-McGee Oil & Gas Onshore LP
