This form is to be completed whenever a Sundry Notice is submitted requiring detailed report of work to be performed or completed. This form shall be transmitted within 30 days of work completed as a "subsequent" report and must accompany Form 4, page 1.

5. DESCRIBE PROPOSED OR COMPLETED OPERATIONS

Due to restrictions and issues encountered while drilling the surface casing on wells located on the 697-04D pad, Oxy is proposing to change the surface casing depth on the remaining wells to 2,400'.

The 697-04-65B well has an approved APD which indicates a proposed surface casing depth of 2,690'.

This plan was approved by David Andrews via email on 12/24/2011.
