**Subject:** Request to Withdraw the Proposed Sundry: Submittal of COGCC Form 4 for Drill Cuttings Disposal at Oxy's 608-43-31 pad and access road - PART 1

Carlos,

Oxy would like to withdraw this Form 4 Sundry from the COGCC review process. Oxy has determined that this location will not be suitable for cuttings disposal. We have been directed to prepare a permit for a different location. Blair and I will work to prepare one cuttings disposal permit to cover all the 2012 locations.

Please let me know if you have any questions.

Thanks,

Daniel

Carlos,

We're wondering about the status of this cuttings disposal plan. I'm checking to see if Part 2 of this plan was submitted, which should include the hydrogeologic report.

Please let me know at your convenience. Thanks,

Daniel
