Jack,

The COGCC is reviewing the Form 2A (#400248909) for the Wiepking-Fullerton Energy Napali #6 location, located in the NWSW Sec 17 T10S R55W Lincoln, Colorado. The COGCC requests the following changes regarding the data submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment (OGLA).

Distance to nearest building

Based on a review of aerial photos on the COGCC website it appears that the closest building is 1,342 southwest of the proposed location. The Distance to the closest building should be amended to 1,342 feet.

Depth to groundwater

A review of wells in the vicinity of the proposed location indicates that groundwater is approximately 26 feet below the surface. Water well permit # 28977 located approximately 1,900 feet southwest of the proposed location was used for the water level determination. The depth to groundwater should be amended to 26 feet.

If you have any questions or concerns please feel free to contact me.

Thanks,

Arthur
