Subject: RE: NFA request for Nolte 14-44, API 05-045-07482, Spill 2606749

Nolte 14-44 API# 05-045-074822 NESE/4 Sec 7 T7S R96W Spill# 2606749

Based on review of information presented in the form 19, and the form 4, it appears that no further action is necessary at this time. The release (SPILL #2606749) has been changed to closed status in the Colorado Oil & Gas Information System. Please retain a copy of this email as verification of COGCC concurrence with the closure request. However, should future conditions at the site indicate contaminant concentrations in soils exceeding COGCC standards or if ground water is found to be significantly impacted, then further investigation and/or remediation activities may be required at the site.

Please call Chris Canfield or me with any questions,
Annie
