Nancy,

Their bond has been posted. They are in good shape.

Tim

Importance: High

Tim,

Matt Goolsby tells me that he submitted the required bond and forms for this location on Monday afternoon.

I just wanted to verify that you had indeed received them and see if there are any outstanding issues from SLB perspective on this location.

Appreciate your quick response, as Vecta is trying to take advantage of a rig scheduling opportunity. Call with questions.

Thanks,

Nancy K. Prince
