Dear Mr. Peterson,

Colorado Oil and Gas Conservation Commission (COGCC) staff has reviewed the Completion Report submitted by Bonanza Creek Energy, Inc. on May 03 2012, for the referenced site. Based on review of data presented, it appears that no further action is necessary at this time at this site. However, should future conditions at the site be discovered of contaminant concentrations in soils exceeding COGCC standards or if groundwater is found to be significantly impacted, COGCC may require that further investigation and/or remediation be conducted.

The remediation project has been closed in the COGCC database with Form 27A. If you require any additional information, please call John Axelson at 303-637-7178.

Sincerely,

*Carlos Luján for*
