Arco Deep 1-27 Pit Closure
REM # 5109
Location ID # 322539
Pit ID # 111608

Dear Mrs. Blaney,

Colorado Oil and Gas Conservation Commission (COGCC) staff has reviewed the Notice of Completion Report submitted on March 07, 2012 for the referenced site (Pit closure confirmation Form 04 submitted June 01, 2012). Based on the review of data presented, it appears that no further action is necessary at this time at this site. However, should future conditions at the site be discovered of contaminant concentrations in soils exceeding COGCC standards or if groundwater is found to be significantly impacted, COGCC may require that further investigation and/or remediation be conducted.

The remediation projects will be closed in the COGCC database with the respective Form 27As, and the pit status will be changed from Active (AC) to Closed (CL). If you require any additional information, please call me at (970) 625-2497.

Sincerely,

Carlos Luján for
