TR 22-20-597 (aka TR 21-20-597) Pit Closure
REM # 5949
Location ID # 335608
Pit ID # 284697

Dear Mrs. Blaney,

Colorado Oil and Gas Conservation Commission (COGCC) staff has reviewed the Notice of Completion Report submitted on December 15, 2011 for the referenced site (Pit closure confirmation Form 04 submitted June 22, 2012). Based on the review of data presented, it appears that no further action is necessary at this time at this site. However, should future conditions at the site be discovered of contaminant concentrations in soils exceeding COGCC standards or if groundwater is found to be significantly impacted, COGCC may require that further investigation and/or remediation be conducted.

The remediation projects has been closed, and the pit status has been changed from Active (AC) to Closed (CL). If you require any additional information, please call me at (970) 625-2497.

Sincerely,

Carlos Luján for
Chris Canfield, P.G.
Environmental Protection Specialist
