---

Amber,

Please upload the attached Quarterly monitoring report and this email to:

- REM # 7143
- Location ID # 319187
- API # 123 10836

Thanks,

Ryan,

Ref: REM # 7143 (Form 19, Tracking # 2223314)

Thanks for submitting the quarterly report corresponding the release occurred in March 2012 at the Eckhardt #1 Tank Battery. Please continue with the quarterly groundwater monitoring events until four quarters with analytical results in compliance with COGCC Table 910-1.

Please make sure reference numbers are correct to avoid any confusion. The cover letter refers to Spill tracking # 2223317, which is the track number for the Loloff spill. This will be particularly important now, considering that another spill has been reported at the same facility (Form 19, track # 2229357, dated 6/19/2012).

Thank you much,  
Carlos

John

Please review attached quarterly groundwater monitoring report for the Eckhardt #1 tank battery, Spill #2223314, API#05-123-10836. These samples were taken prior to the vandalism event. Subsequent paperwork will be sent to you regarding that release. Let me know if you have questions.

Thanks
