April,

The as-built submitted for the captioned well is actually for another Southern Ute #3 (05-067-05003) in section 33-33N-9W.

Please check your data and submit corrected as-built lat/long, date of measurement, PDOP value, and instrument operator's name to me by return email.

If you have any questions concerning this, please contact me.

Thanks for your help.
