Andrea,

I am reviewing the Form 2A location assessment for the Wells Ranch USX AE 31-12 Tank location. Please address the following:

1. The size of the location during construction and interim reclamation is listed as 4.00 acres. Do you intend to say 0.4 acres? Please clarify this.
2. The statement regarding the Reference Area location "THE REFERENCE AREA IS ON THE UNDISTURBED GROUND IMMEDIATELY ADJACENT TO AND West OF THE FACILITY LOCATION AS SHOWN IN THE REFERENCE AREA PHOTO FACING NorthWest." is unclear. Is the Reference Area west of the location or northwest as shown in the photo?

Thank you,

Rick Allison, P.G.
