Andrea,

I am reviewing the Form 2A location assessment (Doc #400350650) for the Wells Ranch USX AE 31-1P Tank location. Please clarify the following:

1. The size of disturbed area during construction and interim reclamation is listed as 51.00 acres. Please provide a corrected size.
 2. The comments state that the Reference Area is west of the location, yet the Reference Area Picture is facing north. Please clarify the Reference Area location.
- Contact me with any questions regarding this Form 2A.

Best Regards,

Rick Allison, P.G.
