Shannon,

I am reviewing the Form 2A location assessment for the Tailholt FD Tank Battery 11-2D. Please acknowledge the following changes to the Form 2A.

1. I changed depth to ground water to 9 feet, based on water well 6866-R-R.
2. I changed the Sensitive Area Designation to Yes due to the likely presence of shallow ground water.

Please contact me with any questions regarding this Form 2A.

Best Regards,

Rick Allison, P.G.
