

TOP Operating Waste Management Plan Summary

The following describes TOP Operating Co.'s (TOP) general plan for proper handling and disposal of Exploration and Production (E&P) waste, including produced water, drill mud and cuttings and tank bottoms.

- TOP Operating intends to dispose of used drilling fluids, stimulation fluids, produced water at an approved Class II UIC Facility permitted by the COGCC.
- E&P petroleum contaminated soils will be disposed of at COGCC approved land farms, or licensed third party disposal facilities (landfills). Tank bottoms will be disposed of at E&P licensed third party disposal facilities (landfills). Liquid wastes, including flowback and produced water will be disposed of at licensed third party injection facilities, which may include:
 - Third party Disposal Facilities
 - Waste Management
 - Buffalo Ridge Landfill
 - North Weld County Landfill
 - Denver Regional Landfill
 - Allied Waste
 - Tower Landfill
 - Third Party Injection Facilities
 - Conquest Injection Facilities
