15. Comments:

This is a refile of Doc#1760009 approved on 1/13/2010 and expiring on 01/12/2013. I Certify that there have been no changes on land use, lease description. The pad hasn't been built. There will be no additional surface disturbances. The location does not require a variance from any of the rules listed in Rule 306.d.(1).(A).(ii). The location is not within a wildlife restricted surface occupancy area. Production will go to the existing Monfort 1-29 tank battery located at 40.3168100/-104.7896800. The Monfort 1-29 well is also on this pad. My measurements for the nearest surface water vary from the previous Form 2A based on data from the COGCC website and Google Earth. Depth to groundwater varied as well based on data from the Colorado Division of Water Resources.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct and complete.
