Dear Mr. Chesson:

As per *COGCC Rule 318A.e.(4)*, baseline water well sample testing is required prior to drilling the first interior infill well or boundary well within a governmental section. COGCC stamped the drilling permit for the subject well, requiring Kerr-McGee Oil & Gas Onshore LP (Kerr-McGee) to conduct water sample baseline testing in Section 3, Township 2N, Range 66W.

The only suitable water well that qualifies for sampling for Section 3, Township 2N, Range 66W has previously been sampled (Receipt # 330195, Permit # 16141). Based on these findings, Kerr-McGee is requesting a determination of NOT REQUIRED for additional water well sampling in Section 3, Township 2N, Range 66W. If you agree, please sign and date the bottom of this letter and return it to me. Please contact me at 720-929-6726 if you have any questions regarding this information.

Very truly yours,  
KERR-McGEE OIL & GAS ONSHORE LP
