Justin,

I noticed that you have indicated on this form that a CDPHE consultation is required due to a 306.d.(1)A.ii. variance. The form does not indicate from which of the specific Rules you are requesting a variance. You have included your exception location request and waiver letters, but they do not indicate a variance request either.

If you are not requesting a variance, please provide a written statement and request to change the Form.

Thanks,
