Tina

The pit with number 431611 and Matt Lepore's signature is the valid Pit Permit/Report. The pit number 216583 is an artifact from the transition from paper to eForm for pit permits. I can't locate it in our system. You can disregard pit number 216583. I'll copy this note to the pit file for future reference.

Let me know if you have any questions.

Rick,

I scanned both packages together. Let me know which pit number to use.

Thanks!
