Hey Rick,

All the changes you made look good to me, the revised access road map is attached. Please let me know if you need anything else.

Thank you for your help!

Brianne,

I am reviewing the Form 2A location assessment for the Renfroe C-1-36CHZ location. Please acknowledge the following changes and respond as requested:

1. Corrected elevation from 4280 to 4820 feet;
2. Checked this location assessment is part of a permit application;
3. The Access Road Map does not show the proposed access road. Please provide a revised Access Road Map that shows the access road from the county road or highway;
4. Changed distance to nearest water well to 360 feet (permit #273-RD-R) and depth to ground water to 30 feet;
5. Changed the distance to surface water to 3300 feet (the Graham Seep)

Please contact me with any questions.

Regards,
