Dear Director:

Per rule 318A.a., 318A.c., 603.a.2, PDC Energy, Inc. ("PDC") is requesting a surface location waiver for the above-captioned wells.

The locations are planned outside of a GWA window, are not within 50' of an existing well and will be drilled closer than 150' from the nearest property line. This location is a good location in order to drill horizontal wells with sufficient lateral length in the producible zone and build sufficient production facilities on location.

We respectfully request that you approve this waiver to reduce the impact on surface operations. Attached are the surface location waivers.

If you have any questions, please contact the undersigned at 303-860-5800.

Sincerely,

A handwritten signature in blue ink, appearing to read "Liz Lindow".
