**Subject:** RE: COA revisions for Remediation Project Numbers 7280, 7274, 7275, 7276

Hi David,

There were no attachments on the first four email messages; the last email was sent in order to provide you with a copy of the signature page for each of the four Form 27s and the Form 4 showing revised COA (as indicated in each email). I have attached those directly to this email. Let me know if you have any trouble opening them.

Thanks,

*Annie*

Hello Annie,

Thanks for your help in resolving these issues. I am trying to coordinate dates to access the land where these wells are located. Since its now hunting season the landowner is a bit crazed about the times and dates he will let us go up to do the work. Also, are there supposed to be attachments with any of the emails you have sent? None have gone through, just some wacky Xerox advertisement, (row after row of it that kept repeating) and none from the previous set of communications either. The only attachment on the first set of communications was the OGCC logo? If its important, I guess give it another shot?

Thanks again for your help.

David L Wyman
