Rick,

Whiting acknowledges the conditions of approval as you listed below.

The surface owner consultation was 5/1/13 and he is in agreement.

Thanks,

Michael,

I am reviewing the Form 2A location assessment for the Razor 33-28-13H location expansion. Please provide the following:

1. Provide the date of surface owner consultation regarding expansion of the location to accommodate expansion of the freshwater storage pit.
2. Acknowledge the following conditions of approval applied previously applied to this location:
 -
 - Operator shall implement necessary engineering and administrative controls to ensure that E&P Waste, including flowback fluids, is not placed in the fresh water storage pit.
 - Operator shall maintain freshwater storage pit to control algal and/or bacterial growth and related odors.
 - The fresh water storage pit shall be maintained to be clear of weeds, rubbish or other waste as required in Rule 603.j.
 -
 - The fresh water storage pit shall include signage that: identifies the pit use as a freshwater-only pit, and prohibits placing E&P Waste in the pit.
 - The freshwater storage pit shall be constructed and maintained to prevent terrestrial wildlife entrapment.

Please contact me with any questions regarding this Form 2A.
