OGLA	This location is a sensitive area in Kiowa Bijou Designated Groundwater Basin, changed form after discussion with operator. The Mitchell 32-10 (05-005-07196) location was abandoned. Per the operator, the tanks and production facilities for the Mitchell 32-10 will not be at this Location (#320775). Operator stated a Form 2A will be submitted at a later time for the associated tanks and other facilities. No new facilities at this location other than the addition of the well. Construction start date changed per operator email.	5/16/2013 4:27:38 PM

Permit	Returned to DRAFT. According to the given lat/long it appears that additional disturbance to this pad would be required. Requested the a location drawing, construction layout drawings, multi-well plan, etc., all the required attachments for a form 2A. The original well and pad were submitted in 1990.	4/12/2013 5:54:34 AM
