Hi Karen,

I am attaching the invoices from Hocker Construction. They provided the clean backfill for the DCS sump remediation. I believe this was the last piece of information you needed from us, but if I am incorrect please let me know if you require anything further. Should you have any questions feel free to contact our office. Thank you so much for your support of this project.

Karen,

We transported the excavated soil from DCS to the IEI Landfarm in Crouch Mesa, New Mexico. We have the records documenting the transportation and deposition and Kim Champlin will forward the information to you. I believe she was waiting on the paper trail for the material we backfilled the

excavation with, so all the documentation could be presented at once. We will send what we have now and follow-up with the rest as quick as we can.

Thanks for your patience.

Thanks, Lisa

DCS remediation follow-up

Lisa,

Have you gotten your soil disposal set for the DCS cleanup yet? And can I please obtain a copy of the disposal records for our records?

Thanks
