Weld County

Dear Director:

Noble Energy Inc. (NEI) plans to re-enter the subject well to conduct plugging and abandonment operations in accordance with the current industry standards and requirements of the COGCC. The subject well was formerly operated by Rincon Operating Company who plugged and abandoned the well on 05/07/1981.

Noble respectfully requests that the COGCC approve the request to waive COGCC Rule 305.c. which gives the public an opportunity to comment about a proposed well site for drilling and production. In this case, the well will be re-entered to plug and abandon. There are 6 surface owners of this location, therefore Noble obtained a signed waiver from each owner.

Thank you for your consideration.

Respectfully,

Susan Miller
